

EDUCATION

University of Toronto, Toronto, ON 2025 – Present
Ph.D. in Developmental Psychology and Education
Award: OISE Fellowship, University of Toronto (2025-2026)

University of Toronto, Toronto, ON 2024 – 2025
M.A. in Developmental Psychology and Education (GPA: 4.0/4.0)
Award: OISE Fellowship, University of Toronto (2024-2025)

Jiangnan University, Wuhan, China 2015 – 2019
B.S. in Applied Psychology (GPA: 3.8/4.0 | Rank 1/63)
Awards: Outstanding Graduate (2019), Top Achieving Student (2019), Dean's Scholarship Nomination (2018), The First Prize Scholarship (2018), Jiangnan University "Dragon" Scholarship (2017)

RESEARCH EXPERIENCES

Psychometrics and Responsible AI Lab | University of Toronto

Graduate Research Assistant | *Supervised by Dr. Feng Ji* | 2026–Present

- Conduct literature reviews and synthesize evidence on AI applications in psychology and education.
- Analyze educational and psychological data using R, with a focus on psychometrics, educational measurement, and causal inference.
- Support research on machine learning, large language models (LLMs), and responsible AI for educational and psychological applications.

Wisdom and Identity Lab | University of Toronto

Research Project Manager | *Supervised by Dr. Michel Ferrari* | 2024–Present

- Designed and implemented experimental protocols and prepared Research Ethics Board (REB) applications, ensuring compliance with ethical and data privacy standards.
- Recruited, trained, and supervised research assistants, coordinating participant recruitment, data collection, and qualitative coding.
- Conducted psychometric analyses including EFA, CFA, reliability analysis, and measurement validation.

Coping, Affect, and Resilience in Education (CARE) Lab | University of Toronto

Graduate Research Assistant | *Supervised by Dr. Chloe Hamza* | 2025–2026

- Conducted comprehensive literature reviews on adolescent mental health and help-seeking behaviors, synthesizing theoretical frameworks and empirical evidence.
- Contributed to study design by developing research proposals and identifying validated psychological measures.

- Participated in participant and Student Advisory recruitment, providing input and suggestions to inform the recruitment process.

Shanghai Adream Charitable Foundation, Shanghai, China

Research Project Lead | 2022.06 - 2022.12

- Led a cross-functional team to develop and validate a developmental assessment framework for children and adolescents using literature reviews, surveys, and semi-structured interviews.
- Synthesized evidence from academic literature and qualitative research to identify key developmental competencies and translate findings into measurable assessment criteria.
- Contributed to the theoretical foundation of the Dream Power curriculum, a psychology-based educational program implemented in over 2,000 schools and reaching 1.2 million students across rural China.

TECHNICAL SKILLS

- **Research Methods:** Experimental Design, Survey Design, Interview, Longitudinal Research, Psychometrics, Randomized Controlled Trials (RCTs)
- **Statistical Methods:** Mixed-Effects Models, Multilevel Modeling, Structural Equation Modeling (SEM), Item Response Theory (IRT), EFA/CFA, Measurement Invariance, Causal Inference
- **Programming:** Python, R, SQL, MATLAB
- **Machine Learning:** Supervised Learning (Classification, Regression), Random Forest, Cross-Validation, Model Evaluation
- **Languages:** English (Professional Proficiency), Mandarin (Native)
